Quoth and the 'Eyeballs'

"What have you got there?" said Susan wearily.

'Eyeballs', said the raven. 'Hah, wizards know how to live alright, eh? They don't want for nothing around here, I can tell you.' 'They're olives,' said Susan.

'Tough luck,' said the raven. 'They're mine now.'" *Hogfather*.

This is one of my favourite characters. There are so many quotable quotes connected to him. I would have loved to use more, but I think that 'Raven and donkey', 'Raven and walnuts', 'Raven on the battlefield', etc. would have worn a bit thin with collectors!!
